### **PRESS RELEASE**

John Curley  
Chief of Police

Administrative Staff at the Covina Valley Unified School District contacted the Covina Police Department regarding their internal investigation. Allegations have been made against CVUSD Superintendent Dr. Richard Sheehan of misconduct involving three potential victims. These three victims are former and current students of CVUSD. The investigations are in their very preliminary stages.

The Covina Police Department is also aware of ongoing employment talks between CVUSD and Dr. Sheehan. We've asked the Glendora Police Department to assist us by handling this initial investigation. Our intent is to ensure a thorough and transparent investigation by law enforcement.
